A meeting of No. 2 Branch of the United League of America was held at their Council-room, No. 122 East Fortseth-st., on Saturday evening, Mr. Marshall presided. The meeting was addrussed by Col. Noyes, the candidate for Assembly, who ead the Senth was waiting the result in this State, and, if we had the majority be anticipated, would be compelled to accept proper terms and conditions. Referring to local affairs, he said, that city taxation had moreased from \$200,000 in 1830, to \$18,000,000 in 1855, without a single public work except an unfinished Court-House, during all that period. Dr. John H. Griscom said that it would be no more dangerons to let the criminals loose from Sing Sing, than to admit the Rebel thieres, murderers and traitors down South into our legislative halls to make laws for us. The meeting was also addressed by Mr. Hall of the Thirteenth Ward.

GENTLEMEN: Through the Independent Political

with our limited means and time—organized the City, and secured the registration of many colored veters in the various

It is now too late in the canvass to repeat our many urgent

But we feel it incumbent upon us, as an Association, to remind you that on Tuesdey next, Nov. 6, you who have been registered will be expected to east your ballets for Ffenton and Progress—for a Convention to revise the Constitution of the State, for such Congressmen as will yote for a Reconstruction which will bring the largest liberty—and for such local efficers as will serve the people faithfully, and hadminister justice without regard to the shape of a man's nose or the hue of his skin. As it is understood that generally but a proportion of those who register go to the polls, let us entreat every one of you who has registered, to go early on Tuesday to yote, and thus help to swell the wave of opinion sweeping ever the land in favor of free principles. May God defend the right.

KINGS COUNTY UNION REPUBLICAN AND DEMOCRATIC NOMINATIONS, CONGRESSIONAL, SECOND DISTRICT.
James A. Van Brunt, the Union Republican candidate for Congress in the 11d District, is a merchant engaged in the West India trade, was formerly Aiderman in the Eighth Ward, of which he is a resibilent, and which he represented in the Board for several years, creditably to himself and honorably to the city. He is from an old and honorable family on the Island, and has elements of popularity that will unmistakably "tell" at the polls. No man who has the interests of his country at heart can refuse to rote for James A. Van Frunt.

His competitors in the race for Congressional honors are Barmad Hughes and Demse Barnes. The forner has the nomination of the "National wing of the Democratic party, and refuses to be a party to the recent "bargain and sale" by which several of the nominoes of that wing were induced to withdraw from the centest. He is obstinate, determined and placky, and will make a good rus. NOMINATIONS, CONGRESSIONAL, SECOND DISTRICT.

Chicago, Nov. 2.—Senator Yates delivered a magnificent campaign speech in the Court-House square to-night. A large and highly appreciative assembly greeted him with great applause throughout his entire speech. He touched upon certain passages in his own Senatorial experience, showing that he had consistently stood to the principle that he will never consent to open the portals of the hallot-box to those whose hands are stuined with the blood of his countrymen, and deny it to those blacks whose heroic patriotism has helped to save the country. He dwelt at length upon Andrew Johnson's record, illustrating it with much humor and force. He said it seemed as if treason had leaped from the point of Booth's bloody dagger to the bosom of Andrew Johnson, making him an apostate of a deeper dye than Judas Iscariot, who sold the Savior. Senator Yates, in conclusion, reviewed the action of Congress, giving special prominence to the temper of the South in reference to the magnanimous messures proposed. This part of his speech was received with loudest applause.

Chicago, Nov. 4.—Fifteen thousand people turned out at Tamaroa on Friday to hear Gen. Logan discuss the great questions at issue. The meesting was one of the most enthusiastic and effective held in Southern Illinois during the present campaign.

A great change has been wrought in the minds of the people throughout this portion of the State. A much larger number of Republican votes will be polled in the XIIIth District than ever before.

Gov. Oglesby reached home last evening, having completed his political tour.

The frightful toast—"Here's to the man that drew the trigger that shot the man who freed the nigger," which was first drank at New-Orleans, and a few days since at Cairo, is said to have been repeatedly drank with great gusto in select Democratic circles in this city within the last 48 hours.

NEW-JERSEY.

A meeting was held on Friday evening, Nov. 2, at Martin's Hotel, Bayoane, Goronship, Hadson County, N. J., to ratify the nomination of Geo. A. Halsey, esq., for Compress, and the renomination of the Hen. De Witt Clinton Morris for As-

Mr. Rafus Story, a resident of Bergen Point, and a prominent merchant of this city, presided, and one of our Union heroes, Lieut, G. W. Yates, acted as secretary. After the adoption of appropriate resolutions, B. W. Throckmorton, csq., of Bergen held the attention of a large audience by a talented speech, clearly deficing the position of both parties in the coming contest. Mr. Halsey was announced as one of the speakers, but was not present. Mr. Morris s well-chosen remarks were received with great applause. His course at Treaton has stamped him as a reliable man; the people have faith in him, and mean to send him back.

THE WORK IN THE THIRD DISTRICT.

The Unionists in the Third District have made the most determined and animated fight in the State. The contest, under the lead of the able young champion, the Hon. John Davidson, has been waged with nausual vigor. The signs are of the most cheering character, and from every part of the District we hear the most favorable news.

This District is composed of five counties, each Demecratic herefofare; yet, in the very midst of Democratic darkness there have been held thus far 230 Union meetings. Mr. Davidson has spoken 69 times in as many places, from 14 up to 5 hours in length. Nearly 180,000 Union documents and newsnepers have been distributed in this District. Sach a canvass was never before known in the State of New-Jersy. The Unionists can elect Mr. Davidson, who has richly carned the reward. With hearty work it will be done.

GREAT MEETING AT PATERSON.

SPEECH OF THE HON. OALUSHIA A. GROW.

A large Republican meeting was held at the wigwam in Paterson. N. J., on Saturday evening Mr. S. Tuttopresiding. Prof. Pope, the campaign singer from Pitteburgh,

by the Hon. Galanka A. Grow of Pennsylvana, in a speech of
an hour and a half in length, which was heard by the homense

In the course of his remarks, Mr. Grow and that for four years

MUSICAL.

Some of these days, when mosic grows to appreciation as a higher sort of universality than it is generally reckoned by mosey-making communities, we shall, doubtless, have a concert hall as good in its way as a church. There is no reason why it should not in time (as the Old World well knows) borrow the chaste beauty of art which new and then is usefully devoted to chitrches whose worshipers are in no danger of being distracted by the comfort of a proper architecture any more than by hearing a hymn well sung. Concert halls ought to be something more than their name implies, just as churches should be more than meeting-houses; and we shall greet the day whon an adventurous sentiment, taking shape in the mind of a number of wealthy connoiseeurs, shall grove us a Hall worthy, in the highest sense, to be called a temple of marie. Eingland and Germany have such halls, Boston and New York have aimed respectably; but the meeting-house and the hall for public speakers still govern our notion of what a music many and the sense of the consultation of what sort of house it should live in; and the organism of some of our barra-hoult churches seems proposteoras; and unrolling the sonorous majesty of musical orators for exhibition monic, barsh, and out of tune and place. Yet he average idea of a Music Iall is that of a wareroom of respectable size, where seats are provided for listenes, and standing room for performers. Max Martisek will give two operatic performances at the Academy of Masic, Brooklyn, this evening and tomorrow evening, Nov. 5 and 6. The popular and beautiful opera of "Faist" will be performed this evening the principal characters in which will be sustained by Miss Kellogg, Mile. Stella Bonheur, Mazzoloni, Bellini, Antomorei and Fossati. The cast is a brilliant one, and should attract a crowded andience. Tomorrow evening Denizett's charming light opera, "Enur d'Amore," will be performed, in which Mile. Antometia Ronconi will make her debut as Norina, sustained by Signori Baraglia, Antometi, and her father, the celebrated builo. Signor Georgio Ronconi. The beauty and talent of Mile. Ronconi are highly spoken of, and her debut is looked for with great interest. These performances will be the last, until Max Maretzek takes temporary possession of the Winter Garden, the latter part of this month. The lowers of music, therefore, should turn out in strength of numbers, and crowd the Brooklyn Academy to its utmost capacity.
